Pets of the Month

Maggie & Molly: sisters and best friends
Breed: Jack Russell Terrier **Age:** 10 years old

Diet: Recently switched from a prescription diet to:
AM-Nature's Variety *Chicken Instinct*
(grain free kibble).
PM-Nature's Variety *Raw Chicken Medallions*

*Mom & Vet have noticed a significant difference in their **dental hygiene** and a **softer coat** since making the change in diet when **Faux Paws** opened last summer.*

Favorite Treats: **Wet Nose Organic Biscuits** (any flavor), **Grandma Lucy's Pot Roast** (mini meatballs), **Liver Biscotti** & **Bubba Rose** Snicker Doodle Biscuits.

Vacation Spot: **Long Beach Island**. Only downside is there are no squirrels to hunt at the beach so they try to chase outdoor cats.

Favorite Activities: These girls are 100% terriers thru & thru...they love to hunt! They are always looking for squirrels, chipmunks, rabbits and (of course) Allan the biscuit-giving-mailman.

Goofiest Habit: Molly enjoys **stealing dryer sheets** so she can roll around on them, she also **loves to chew gum!** Maggie is **Houdini** and has mastered the art of **stealing food** out of the stainless steel, 3 ft. tall, closed and untippable trash container.

Favorite Toys: Maggie enjoys **anything soft with a squeaker**. Once she kills the squeaker she is soooo over it! Molly loves to chew on **Rawhide bones** to stay busy.

Best Buddies: **Denny & Evie** (their favorite Labradoodles) and **Scooter**, their handsome (Pitbull/Labrador mix) neighbor.
